G2 Ops, Inc. (G2 Ops) Continues Investing in Employees with New Partnership with University of San Diego

Virginia Beach, VA, USA (09 July 2025) – G2 Ops has announced a new partnership with the University of San Diego (USD) to offer discounted tuition to its employees. Dedicated to recruiting and maintaining top talent, the partnership reflects G2 Ops' commitment to invest in its employees' professional development and upskilling.

"We're proud to build upon the already strong network of USD alumni contributing to G2 Ops' success," stated Caroline Witt, G2 Ops Workforce Development Coordinator. "These professionals consistently demonstrate the leadership, innovation, and commitment to excellence that defines our company culture.

G2 Ops employees have long had access to corporate-sponsored educational assistance via an annual stipend for all full-time employees. G2 Ops already offers $5,250 per calendar year for professional certification exams, college courses, and related course expenses. Now, employees are eligible for discounted tuition in tandem with their standard annual education assistance benefit – significantly reducing the cost of pursuing higher education.

"This partnership with USD opens the door for all employees to pursue a quality, advanced education that supports both their personal aspirations and long-term career goals," stated Witt.

In line with the leading cybersecurity company's standard of excellence, USD was among the top 50 colleges in the United States in 2024 according to the *Wall Street Journal*. The online degree programs and certificates offered by USD are tailored especially for the working professional. Taught by experienced leaders in their field, courses are designed to offer practical skills G2 Ops employees can apply directly to their career.

G2 Ops employees can apply their tuition discount to courses in critical areas of study including artificial intelligence, data science, cybersecurity engineering, engineering management and leadership, project management, and more.

G2 Ops leverages over a decade of experience integrating Systems, Cybersecurity, and Software Engineering techniques to provide solutions to a growing list of Government and private customers. We combine cutting edge tools with innovative engineering practices, data analytics, and risk algorithms that enhance visibility into complex infrastructures, optimizing resiliency in system design and operations.

G2 Ops is a woman-owned small business led by an executive staff known for providing innovative solutions to solve our nation's most complex engineering challenges. G2 Ops has been named to the Inc. 5000 list of America's fastest growing companies each of the last 7 years (2018-2024) and has locations in Arlington, VA, Virginia Beach, VA, and San Diego, CA.
