

G2 Ops Leadership Summit 2025: Renewing our Commitment to Scaling High

Virginia Beach, VA, USA (04 November 2025) – From October 7-9, 2025, G2 Ops leaders from around the country convened at Virginia Beach headquarters for a three-day summit dedicated to collaboration, reflection, and strategic planning.

Executives, engineers, and business operations leaders from San Diego, Arlington, and Virginia Beach took the rare opportunity to exchange ideas face-to-face across a single conference room table. Leaders shared fresh ideas and observations during hours-long discussions, detailing lessons learned and establishing strategic goals for 2026.

With 2026 fast-approaching, meeting takeaways often centered on ways G2 Ops can continue to honor its evergreen commitment – scaling high.

Of course, as the adage goes, “work hard, play hard.” Not even coastal winds and tidal flooding could deter the team from capping off the week with a happy hour at Smartmouth Brewing Company in Virginia Beach. Employees and senior leadership came together to share laughs and bask in G2 Ops pride over celebratory pints.

2025 has been a landmark year for G2 Ops, but the team has set its sights on the future, energized by the growth that lies ahead.

G2 Ops leverages over a decade of experience integrating Systems, Cybersecurity, and Software Engineering techniques to provide solutions to a growing list of Government and private customers. We combine cutting edge tools with innovative engineering practices, data analytics, and risk algorithms that enhance visibility into complex infrastructures, optimizing resiliency in system design and operations.

G2 Ops is a woman-owned small business led by an executive staff known for providing innovative solutions to solve our nation's most complex engineering challenges. G2 Ops has been named to the Inc. 5000 list of America's fastest growing companies each of the last 8 years (2018-2025) and has locations in Arlington, VA, Virginia Beach, VA, and San Diego, CA.
