

G2 Ops Supports Local Students Through Annual Back-to-School Supply Drive

Virginia Beach, VA, USA (11 September 2026) At G2 Ops, we are committed to supporting the communities where we live and work. Ahead of the start of the 2026 school year, team members across all three G2 Ops offices – San Diego, Arlington, and Virginia Beach – rallied together for our annual Back-to-School Supply Drive in partnership with United Way.

Through our continued partnership with United Way, which provided the vital channel to organize and direct our donations, the G2 Ops team collected hundreds of essential classroom supplies. Employees donated backpacks, notebooks, crayons, and pencils to help local students start the school year feeling prepared, confident, and ready to learn.

By collaborating with local United Way chapters, each office channeled donations directly to the students and families who need them most.

- Virginia Beach: Partnering with United Way of South Hampton Roads, our team collected essential supplies for Parkway Elementary School, a Nationally Distinguished Title I school serving 465 students - over 70% of whom are economically disadvantaged. On August 4, our team joined United Way representatives to deliver backpacks, notebooks, and crayons directly to Parkway's grateful principal and staff.
- San Diego: Teaming up with United Way of San Diego County, our West Coast team gathered supplies to help local TK–5th-grade students step into the classroom ready to learn and grow.
- Arlington: Our Arlington team also partnered with United Way, contributing a wide array of learning materials to ensure local students in need start the school year with the right supplies to succeed.

We're grateful to have a team committed to making a positive impact on their community. Thank you to our local United Way chapters for coordinating efforts to deliver lasting support for the students in our communities.

To learn more about United Way and how you can support the students in your area, visit www.unitedway.org/find-your-united-way.

G2 Ops leverages over a decade of experience integrating Systems, Cybersecurity, and Software Engineering techniques to provide solutions to a growing list of Government and private customers. We combine cutting edge tools with innovative engineering practices, data analytics, and risk algorithms that enhance visibility into complex infrastructures, optimizing resiliency in system design and operations.

G2 Ops is a woman-owned small business led by an executive staff known for providing innovative solutions to solve our nation's most complex engineering challenges. G2 Ops has been named to the Inc. 5000 list of America's fastest growing companies each of the last 9 years (2018-2026) and has locations in Arlington, VA, Virginia Beach, VA, and San Diego, CA.
